

Range: ALPHA SELECTORISED

Name: ABDUCTOR/ADDUCTOR

Product Code: IN-AS-018

Length	1375MM	Width	1450MM
Height	1695MM	Weight	264KG

Description

The Inspace Alpha Selectorised Adductor / Abductor machine provides dual-function targeting the inner and outer thighs. Comfortable and easy to use, this machine isolates both the adductor and abductor allowing you to build strength and increase flexibility. The padded seat and back rest offers additional support and comfort. Standard weight stack starts at 100kg
