

## Range: ALPHA SELECTORISED

Name: LEG PRESS

Product Code: IN-AS-015

Length	2020MM	Width	1100MM
Height	1690MM	Weight	340KG

### Description

The Inspace Alpha Selectorised Seated Leg Press is designed to isolate and strengthen the leg muscles. It delivers a more intense workout to the hamstrings, quadriceps, calves and glutes. The wide platform and handle provides added stability for improved performance, whilst adjustable start positions accommodate various user sizes. Standard weight stack starts at 150kg
