

Range: CLASSIC LINE CARDIO

Name: CLASSIC LINE ELLIPTICAL TRAINER

Product Code: ICE8808EL

Length	2100MM	Width	723MM
Height	1755MM	Weight	220KG

Description

The Inspace Classic Line Elliptical Trainer is the entry model in our premium range of cardio products. LED screen comes as standard with an option to upgrade to a small touchscreen. Long stride length and cushioned hand grips make this a smooth and comfortable machine to work out on for any user. Wide variety of standard preset programmes are available making it incredibly flexible for all training methods. Large oversize footplates also make this safe and easy to use.
